

**The Learning Assistance Programme**  
**LAP Association Incorporated**

*An Invitation to join the*  
**LAP Association** *in 2007*

The LAP programme provides unique one-to-one time and support for hundreds of students from Reception to Year 12 in schools throughout Australia and overseas through the dedication of volunteers. LAP is one of the most innovative developments in education and provides a heart-warming experience for both volunteers and students.

With special prices for LAP Association resources and professional development workshops, and an opportunity to be a part of the pilot project "ADOPT A LAP" with Rotary District 9500, can your school NOT afford to accept our invitation to membership this year?
